Advance Praise for *Journey into Europe*

Ambassador Akbar Ahmed stands out among the global thinkers and leaders working to illuminate the way in our darkening landscape.

—Dr. Haris Silajdzic, former President and Prime Minister of Bosnia and Herzegovina

It is hard to exaggerate the importance of this work, like so much else he has done, at a time when myths and fantasies still stir up corporate fear between our communities. A deeply welcome and thoroughly professional study.

—Dr. Rowan Williams, Former Archbishop of Canterbury and Master of Magdalene College, University of Cambridge

Akbar Ahmed's profound and careful inquiries have greatly enriched our understanding of Islam in the modern world. His latest study, based on direct research with a group of young scholars, explores the complex interfaith reality of Europe, both in history and today, from an Eastern perspective, reversing the familiar paradigm. It is sure to be yet another influential contribution, one greatly needed in a world riven by conflicts and misunderstanding.

—Professor Noam Chomsky, Institute Professor & Professor of Linguistics (Emeritus), Massachusetts Institute of Technology
